

IN AN EMERGENCY, FIRE, OR DISASTER --- SECONDS COUNT!

Paramedics, Firefighters, Sheriff's Deputies, and Border Patrol agents like them.

Mark your property with good-looking, commercial-grade house number signs.

Friends, neighbors, and visitors appreciate being able to find your address.

Commercial deliveries (UPS, Fed-Ex, RPS, etc.) also benefit.

Houses on dark streets or in rural areas should have a highly visible street address sign to aid the people we count on most to save our lives and property.

These signs are:

- Made of aluminum plate, covered by high-quality reflective material.
- Numbers/Letters are made from 3M Engineer-Grade Reflective Vinyl (7-year life).
- Similar to road signs and other street markers.
- 063" thick aluminum plate
- SIZES: 6" x 18" OR 6" x 24"
- 4 mounting holes pre-drilled in each corner for easy mounting.
