

Reflective House Number Signs

All proceeds benefit the Deerhorn Valley Volunteer Fire Auxiliary

In an EMERGENCY, Seconds Count!

You benefit, the Emergency Services benefit. Every house in rural areas should have a highly visible street address sign to aid the people we count on most to save our lives. Visible from more than 300 feet away, day or night (illuminated by headlights).

Mark your property with good looking, commercial-grade house number signs. Friends, neighbors, visitors, and delivery services appreciate being able to find your house.

Please fill out the information form so that we can process your request.

We will notify you when your sign is available, usually 2-3 days after receipt of order.

COST - \$20 per sign.

These signs are:

Made of aluminum plate, covered by high-quality reflective material. Numbers are made from 3M Engineer-Grade Reflective Vinyl (7year life). Similar to road signs and other markers. Size: 6" x 18", .063" thick aluminum plate. 4 mounting holes pre-drilled in each corner for easy mounting.

ORDER FORM To order by phone, call Susie Norton at 468-3183

Name _____ Address _____

Phone Number _____

Address Numbers Requested (5 digits maximum)	Blue (standing water) or Green (no water for fire use)	Vertical or Horizontal
